

## **FRANCIS - OUR POPE**

**This poem is written by  
William George Scriven, a Widnes poet.**

An advocate of peace and love  
He brought joy to all he touched  
From the richest to the poor and lost  
They felt comfort and great trust -  
A new saint in heaven we now have  
Though some would argue not  
Many actions during his Papacy  
Challenged people quite a lot  
Though he never acted without love  
That was never hard to spot.  
First Pope from South America  
And I'm sure most would agree  
To be as holy as he was and is  
Will be what our next Pope must be.
